

## Cooking From Scratch part 2 Making Bi-Colors

Frank Schulterbrandt 11/27/2015

If you wanted to create a guppy color strain because you did not want someone else's line or you could not purchase that desired guppy color strain, then here are possible ways for you to create your line from two totally different color lines. Cooking From Scratch. This is a follow up to the original "COOKING FROM SCRATCH" article. For more ways to create Bi-Colors please refer to the original article.
